# LAKESIDE FLOOD SOLUTIONS

## Overview

PUB is a statutory board under the Ministry of Sustainability and the Environment (MSE). It is the national water agency, which manages Singapore's water supply, water catchment, and used water in an integrated way.\*

The Client required flood defence measures to five pumping stations in accordance with approved international Standards.

Our Approved Distribution Partner, Laminar PTE Ltd., successfully led our end-to-end service offering comprising survey, design and installation.

The Lakeside Demountable Aluminium Flood Barrier was selected to protect the designated openings due to its versatility, robustness and proven effectiveness.
